

WHAT'S IN THE PESTICIDES USED ON OUR FOOD?

7
List 1 **Toxic Inerts**

96
List 2 **Potentially Toxic Inerts** High Priority for Testing

619
List 4b **Potentially Toxic Inerts** If Misused

1863
List 3 Inerts of **Unknown Toxicity**

253
List 4a **Minimal Risk Inerts**

Inert Pesticide Ingredients By level of toxicity EPA 2005

These lists were first created in 1987; before that there was no public record of which inert ingredients were being used in pesticide formulations. There is still no data available on the volume of use. More information at www.epa.gov/opprd001/inerts/lists.html and www.pesticideinfo.org. Numbers are approximate and subject to change.
